

## **Bookstore Funds for Financial Aid Recipients and Sponsored Students**

**Financial aid recipients:** Students who have financial aid finalized to help them pay for their books and supplies will have a bookstore allowance available **as early as two weeks prior** to the start of their semester classes. These funds will be accessed through the student's CMCC account. Amounts will depend on the amount of excess financial aid the student has and the student's total number of credits for the semester.

**Financial aid recipients will receive an email to their CM Connect email account from the Office of Financial Aid when funds have been made available to use in the College Store.**

**Sponsorship recipients:** Students will need to have a payment authorization made payable to Follett / CM College Store #2024. The student's CMCC ID number should be included on the payment authorization. The payment authorization can be submitted as follows:

- By email: send it to **2024mgr@follett.com**
- By mail: send to Follett / CM College Store #2024, 1250 Turner Street, Auburn, ME 04210

**Ordering Your Books and Supplies: We strongly encourage you to make your purchases online at <https://www.bkstr.com/cmccstore>.** When you place your order, you will have the option of having your purchases shipped to you, or you can opt for curbside pickup.
