

1. Student must be logged in to CMConnect (form will pre-fill with their information). 2. Go to the “Student” tab and locate the “Graduation and Commencement” folder icon on the left edge of the screen and click it to open the folder.

On the left edge of the new screen, the student will see the gray boxes. Clicking on the “Graduation Confirmation” box will open the link to the new paperless, online graduation form.

For students who plan to continue taking courses in another degree in the semester immediately following their completion of their current program must also complete the on-line “Quick Turnaround” application, found in the gray box below the “Graduation Confirmation” box.

When the "Confirmation" is submitted, the student will receive an automated email:

*Thank you for filling out the Graduation Confirmation Form and congratulations on your academic accomplishment! We will process this information as soon as possible, and contact you with questions.*

*If you plan to march, please order your regalia here: <https://buildagrad.com/cmcc>*

*If you plan to continue at CMCC to receive another credential, please fill out the [Quick Turnaround Application](#).*

We will contact the student and copy the advisor if we have any questions/concerns about the application.

Please continue to encourage your students to submit their confirmation during their final semester, following the same deadlines as the previous paper form (the last Friday in July for August graduates, the last Friday in November for December graduates, or the last Friday in March for May graduates).
